

Dust Chaser (DC) - Technical Data

Dust Chaser is fine fluorescent powder for use in fabric filter dust collection units. Once injected into the system, Dust Chaser quickly and efficiently pinpoints any leaks, holes, or tears in the dust collector (bags, cartridges, seams, cell plate, etc). Dust Chaser is also used to ensure proper installation of new filter bags or cartridges.

Dust Chaser is non-hazardous and non-toxic.

Composition: Calcium Carbonate and Fluorescent Pigment

Specifications:

Average Particle Size	3 microns
Physical Appearance:	Fine homogenous powder, various colors
Color:	Orange, Green, Yellow, Pink, Red, Violet, Lime, Tangerine, Custom
Refractive Index	1.64
Specific Gravity	1.97
Decomposition Point	660° F (350°C)
